race and the result wasn't known until the last certificate for subscription was counted.

It would hardly seem complete if we didn't have something to say about the subscription campaign. It ran over a period of seven weeks, and was conducted by the Liner Newspaper Campaign Service, Chicago, with Everett Smith in charge.

Primarily the campaign was conducted for the purpose of gave the public an opportunity to save on the cost of their subscription. Prizes of a standard Chevrolet Coach for first and a Crosley Shelvador electric re-frigerator for second were offer-

Several persons entered the campaign as contestants but only four remained to the end. The latter were DeVere Schmidt, Laura Parker, Reggie Sheehy and Mrs Stanley Flower, the latter-representing the Hospital Aid society. The latter started about two weeks later in the campaign than the offiers, and while it looked as tho the field had been very well covered, Mrs. Flowers managed to edge into first place by a very narrow margin. Mrs. Parker was third in the contest and Reggie, while he made a fine showing. was

During the final week of the campaign the subscription rewere placed in a special fund chest at Grayling State Savings Bank in order to guard knowledge as to how the campaign was progressing. At 9:00 o'clock Saturday night the contestants and judges representing them, the writer, campaign manager and a few interested friends gathered at the bank while the subscriptions were counted and votes tabulated. The judges were Holger Hanson, Wilfred Laurant, B. A. Cooley, Frank Bennett and George Schroeder.

The judges found the accounts and records as filed by the contestants accurate. Each of the contestants made a good showng, after several weeks of strenuous effort. Hardly a family in Grayling was missed in the can-vass by the campaigners and hardly a home in Grayling will Chicago way horse thieves are be without the Avalanche for the next several years due to their animals away .

efforts. And out in the county too there is a large increase in subscribers, And also there were many new and renewal sub-scriptions from out in the state and from other states.

#### **Homecoming Event** Drawing Near

July is here and the big Homecoming that will be staged is approaching fast. Grayling has never had a homecoming, but folks have been talking about it for years and so the local American Legion Post took up the reins and under their direction the City of Grayling and its merchants are going to play host to oldtimers the week of July 14 to the 21st. This has been no little job, but everybody soon caught the spirit wholehearted- be staged and besides local reply so that nothing will be left resentations there will be floats undone to make the event one long to be talked of.

There are many committees and Clarence Johnson is shouldering the general chairmanship, "Spike" McNeven, secretary and Alfred Hanson, treasurer. The executive committee includes Clarence Johnson, Spike McNeven, Alfred Hanson, and A. J. Joseph. Other committees and their

#### Pollie & Berger Exposition And Wild Animal Circus

Amusement lovers have great treat in store when t famous Pollie & Berger Exposition and Wild Animal Circus will furnish<sup>#</sup> all the entertainment features at the Homecoming.

Long known as an outstanding figure in the amusement world Henry J. Pollie, in association with Louis Berger, has this year created a different kind of a show, combining the very best of the circus and carnival field.

In addition to the big circus, which seats several thousand people and provides a veritable Ringling Bros., Barnum and Bailey on a somewhat smaller scale, will be found innumerable side shows, all of an interesting, Potato race (free for all under amusing and educational nature as well as a dozen mammoth riding devices and several small ones arranged especially for the very small children.

Several shows that graced the midway at A Century of Progress and all exhibits have been planned and are conducted to please Relay race (4-man teams) the women and children as well prize \$4.00. erated by the management.

One day will be set apart en tirely for the youngsters and will be known as Children's Day when they will be admitted to all shows and rides, as well as the big circus, at the reduced admission fee of five cents

### TRENDS FAVORABLE IN STATE BANKING

Recent Figures Indicate Large Increases in Deposits and Invested Funds

Improvement in the condition of state banks in almost every respect during 1934 is shown by statistics recently assembled, Robert M Hanes, President Wachovia Bank and Trust Company, Winston-Salem. North Carolina, points out in an article in "Banking" published by the American Bankers Association. The figures on which this statetment is based were gathered by the Committee on State Bank Research of the association from reports furnished by state bank supervisors throughout the country.

"Ever since 1921 the number of state banks has been declining." Mr. Hanes says. "Between 1931 and 1934 the decline was rapid. Figures for December 31, 1934, showed that the downward trend has not yet ended. but the decline last year was the smallest in twelve years."

There are now, he says, about ten thousand state banks, which term includes all state chartered institutions with the exception of mutual savings banks. The article contin-

state banks which had been going on since the collapse of the stock market boom in 1929. In recent years for which figures are available the drop has been particularly abrupt. Total deposits in state banks de-clined from \$20,395,762,000 on December 31, 1931, to \$15,424,823,000 on December 31, 1933. The record for 1934 shows a recovery to \$17,508,-766,000 at the year-end.

#### Significance of Increased Deposits

"It is particularly gratifying to note the expansion of deposits, since it was their decline which made necessary the figuidation of investments, the calling of loans, and all the other phenomena which go under the name of 'deflation' and have brought banks so much criticism in recent years. It is now plain that this was due to efforts of the banks to place themselves in the posses sion of enough liquid assets to meet the growing demands of depositors for the return of a part of the money which had been placed on deposit.

"That this is true is borne out by the movement of invested funds of state banks, which-has paralleled that of deposits. These invested funds (loans and discounts plus in vestments) for state banks, dropped from \$20,291,320,000, at the end of 1931, to \$14,915,773,000 at the end of 1933. By December 31, 1934, how ever, they had recovered to \$15,769. for by the increase in investments during 1934, the expansion amounting to approximately \$1,300,000,000.

"As for loans and discounts, they registered a slight drop again in 1934, but the rate of decline was much smaller than in previous years. which in itself is progress. Whereas the drop in loans and discounts amounted to approximately \$3,300, 000,000 in 1932, and to approximately \$1,300,000,000 in 1933, If was less than \$500,000,0000 in 1934.

"In another respect the balance sheet figures for December 31, 1934, were especially impressive. Bills payable and rediscounts of the state banks, which at the end of 1932 had reached a depression high of \$669,-709,000, had dropped by the close of last year to the low figure of \$82,101, 000. One must search the records as far back as 1917 to find bills payable and rediscounts of state banks at a lower figure. Moreover, it is reasonable to expect a further reduction of such borrowings during the current

NEW YORK. - The American Bankers Association Protective Committee has developed a plan of bank inspection to bring out exposure hazards or weak spots in respect to attacks by criminals based on its long-established, nation-wide experience in investigating bank burglaries, holdups and sneak thefts.

The inspection covers eighty, leading questions and seventeen recommendations which are instructive in the prevention of such crimes. These relate to such subjects as the use of alarms and other protective equipment, also the condition of windows, doors, skylights and other entrances which have facilitated the early morning entry of bandits who kidnap bank employees from their homes during the night, or break into the bank premises and bind and gag the employees until one comes along who is capable of opening the combination locks of vaults or safes.

Dear Mr. Wynn: I went to a school dance the other night and danced with the same girl twice. She let me take ber home, and as I left her I told her I thought she was the sweetest girl in the whole world and now she won't go out with me any more. 1 wonder why?

Truly yours. WHATT SRONG. Answer: She doesn't wat: " disappoint you.

Dear, Mr. Wynn; I am a girl seven years old. My teacher in Sunday school asked me how many commandments there are I said, "Ten," then she said, "Suppose I broke one?" and I couldn't answer her Now she sava I can't come back to Sunday school until I ; bring her an answer. Can you help

Truly yours.

Answer: That's very simple, my child. If there are Ten Commandments and you broke one there would be nine left.

EVEN Huey Long cheered when President Roosevelt's unexpected message on redistribution of wealth and increase of taxation for the rich was read to congress. The Chief Executive offered a program that he hopes will pay part of the vest expenses of the New Deal and at the same time break up some huge fortunes and check the growth of big corporations. He doesn't expect congress to do the entire tobat this session, and the administration leaders at once set about

immediate enactment. The President's taxation plan is frankly aimed against the wealthy. especially the men with million-doljar incomes. Of these there were 18.; in 1933. In his message he said that existing tax policies have not prevented "unjust concentration of wealth and power," and added the warning: "Social unrest and a deepening sense of unfairness are dangers to our national life which we must minimize by rigorous methods."

The following legislation he recommended for enactment during the present session in order to obample revenue without hampering enternrise and to distribute tax hurdens equitably:

1. High inheritance and gift taxes on "all very large amounts received by any one legatee or beneficiary." Segregation of this revenue for reduction of the national debt.

2 Tax levies to restrict "very great individual net incomes."

3. Substitution of a graduated corporation tax ranging from 10% 16% per cent for the existing 13% per cent rate. For consideration at the next sea-

GREAT BRITAIN'S realistic government finds the best path toward general peace in Europe conciliation of Germany, so it has rielded to Hitler's naval demands and concluded a bilateral pact with the reich, disregarding entirely the desires and fears of France. The agreement acknowledges Germany's right to build a fleet up to 35 per cent of the tonnage of the British empire; and, what is more important, permits Germany 45 per cent, ! and in certain circumstances, parity with the empire in submarine tonnage. Submarines were forbidden to Germany by the treaty of Versailles

France at once sent a stiff protest to London, and Capt. Anthony Eden was hurried over to Paris to try to caim down the French. It was asserted in Paris that a naval build ing race was sure to ensue, and the naval committee of the chamber of leputies began to discuss the enlargement of the fleet. CENTS each for the next 120 Kilowatt-hours used per month.

CENTS each for all over 180 Kilowatt-hours used per month.

MINIMUM MONTHLY BILL \$1.00

The above rates are net. One cent per Kwh will be added to Domestic Bills and 1/2 cent per Kwh to Commercial Bills, for failure of prompt payment.

Announcing New Electric Rates

in compliance with Order No. D-2927 of the

Michigan Public Utilities Commission.

Effective on all bills rendered on and after July 1st, 1935.

The New, Lower, Simplified Rates

For all communities having from 100 to 499, inclusive, Electric Meters, except resort and seasonal service.

The above new rates do away with a number of former rates including the so-called "Room Rate" for residential service, and the "Hours Use of Demand" commercial rate, both of which, it appears, were generally disliked by our customers. The new rates are both lower and much simpler and will find favor with both residential and commercial customers.

### Also the new Full Residential Rate [FRS] Optional For All Territory, Except Resort or Seasonal Service

Available to any residential customer who uses our electric service for lighting and ordinary household appliances, TOGETHER WITH AN ELECTRIC RANGE OF NOT LESS THAN 5000 WATTS CONNECTED CAPACITY FOR REGULAR COOKING PURPOSES THROUGHOUT THE YEAR.

### Uncontrolled Service - Class I

(No restrictions as to hours of use)

The First 35 Kw-Hrs. (or less) per month \$2,50.

CENTS each for the next 65 Kw-Hrs. per month.

CENTS each for all over 100 Kw-Hrs. per month.

MINIMUM MONTHLY BILL \$2.50

### Controlled Service - Class II

(For water heating only during restricted "off-peak" hours as follows:-10:30 P.M. to 8:30 A.M. and from Noon to 5:00 P.M. Daily. - Subject to Change.)

CENT per Kw-Hr. for all current used (Measured through separate meter controlled by Company owned time switch.)

MINIMUM MONTHLY BILL (INCLUDING CLASS I) \$3.00

The above rates are net and an additional sum equal to 5% of the total net bill, will be collected only from those who fail to pay bill promptly within 10 days. Apply to the Company for full regulations concerning this rate and the installation and use of automatic storage water heaters.
